And the Commander of Fort *Moor* for the Time being is hereby authorized and ſtrictly required to hinder any Perſon, except the *Chickeſaw* Indians, from Planting within the ſaid Tract, and to ſeize to the Uſe of his Majeſty's ſaid Fort, whatever Corn or other Proviſions he ſhall find on the Premiſes ſo planted by any other Perſons except the ſaid Indians.

'Tis

'Tis reported that not long ago an Engliſh Privateer with 35 Men, had taken and brought into Providence a Spaniſh Veſſel, richly laden, and each Man had for his Dividend 500 Pieces of *Eight*, and that Capt. Petty had brought in three Prizes there.

LONDON, Sept. 21.

Extract of a Letter from an Officer of ſome Conſideration in Gibraltar, dated the latter End of Auguſt.

WE have certain Information here, that the Reaſon why the Court of Spain inſiſted ſo ſtrenuouſly on Admiral Haddock's returning Home with his Squadron immediately after the Convention was ſign'd, was, becauſe it had form'd a Deſign upon this Place, which was to have been executed in the following Manner: We were to have been attack'd by the Groyne Squadron at Europa, where the Rocks are eaſy to climb, and we had but a ſmall Guard; Count Clavijo, with the Cadiz Squadron, was to have made an Attack in the Centre of the Town, where a great Part of the Wall was down, and rebuilding; and their Army, which lay then within a Day's March of the Place, was to have attack'd us by Land. All this was to have been done at one and the ſame Time; ſo that we ſhould actually have been in ſome Danger, and the more ſo, as they carry great Numbers of Soldiers on board their Ships: But we are now prepared to give them a warm Reception, and for that Reaſon, I am perſwaded that the Cowardly Villains dare not face us, for they have not Courage enough to attempt eny Enterprize unleſs they have the Appearance of Advantage greatly on their Side, which I am confident is far from being the Caſe in reſpect to us, becauſe our Fortifications are in excellent Condition, and the Garriſon, never in better Heart, both Officers and Soldiers wiſhing nothing ſo much, as that they would dare to make another Attempt upon us

Sept. 22. On the 4th Inſtant N.S. War was declar'd at Cadiz againſt England, and three Days afterwards, a Proclamation was publiſh'd, ordering all Britiſh Subjects to depart the Kingdom of Spain in Eight Days.

Sept. 25. Two Camps are to be formed early in the Spring, the one on Hounſlow-Heath, and the other on Black Heath.

On Thurſday the Lords of the Admiralty were pleaſed to appoint Lieutenant Thomas Ruc to be Capt. of the Salamander Bomb Veſſel, in the Room of Capt. Mitchell, removed to a better Ship.

Yeſterday a Board of Admiralty was pleas'd to appoint Captain Harriſon to be Captain of the Portland, a Fifty Gun Ship.

The ſame Day their Lordſhips appointed Capt. Fox to be Captain of his Majeſty's Ship the Newcaſtle.

The Seahorſe, of Admiral Haddock's Squadron, has taken a rich Spaniſh Prize off Cadiz.

We hear that there are a great Number of privateers out under Spaniſh Colours; and that Admiral Haddock has therefore ordered ſeveral Men of War to ſcour the Coaſts, but to return at certain Times.

At the Victualling Office they are very buſy in preparing the Victualling Stores for the Cumberland, Colcheſter, and Tillbury, Warrants being ſent down from the Navy-Board for that Purpoſe.

Beſides the 2000 Oxen and 8000 Hogs to be deliver'd in Town, the Commiſſioners of the Victualling have contracted for 1000 Oxen and 2000 Hogs, to be killed at Portſmouth for the Uſe of the Navy.

Yeſterday ſeveral Cheſts of Arms were ſhipp'd at the Tower for Minorca, for the Uſe of Colonel Anſtruther's, Paget's and Hargrave's Regiments now in Garriſon at Port-Mahon.
